RE: United States vs Ahaiwe

Dear Judge Cote,

There are twelve office suites in this building, but specifically suite 209 has four different businesses in operation. Victor Ahaiwe alias "Doc" as we know him for vast medical knowledge, and a registered doctor with the American Heart Association is a partner to that office.

We are consigned that the wrong man is going to pay for another mans crime in the person of Ahaiwe, this young man sublets his office to three other business operators since he barley visits his office after relocating two hours away in 2018.

He may have made a poor choice leaving his office to the wrong hands but he is not a criminal. FBI and CIA agents took names of four other tenants in this building, and promised him that he would be invited to act as witness for Ahaiwe, but they lied to us.

Your honor, the evidence presented to convict Ahaiwe by the jury could have been one-sided if ever there was a guilt verdict. Ahaiwe's legal team should be blamed for ineffective legal representation which is not enough reason to send an innocent man to jail, there is a lot to this case and the law enforcement agents are hiding a lot of information to exonerate Ahaiwe.

Please your honor treat Ahaiwe with mercy.

Thank You
